Technical Skills

- C, C++
- Embedded C
- MS-Office
- HDL: Verilog
- Circuit Design
- IDE: MATLAB

Soft Skills

- Self-Motivation.
- Teamwork.
- Resilience.
- Problem Solving
- Active Listening
- Time Management

EDUCATION

FRANCIS XAVIER ENGINEERING COLLEGE

B . E . Electronics and Communication engineering
CGPA : 7.02
(2022 - 2026)

GOLDEN JUBILEE MATRICULATION SCHOOL

Higher Secondary	2022
Score : 81%	
SSLC	2020
Score : 58%	

Additional Information

Language Known : English, Tamil

KAMILUS SALLAM

Electronics and Communication Engineering

CARRIER OBJECTIVE

To secure a challenging position in a reputable company where I can apply my communication, problem-solving, and time management skills. Eager to learn, adaptable to new environments, and committed to continuous personal and professional development. Also interested in exploring software and IT-related roles where I can apply and expand my technical skills while contributing effectively to organizational growth.

PROFESSIONAL EXPERIENCE

Intern, Fullstack Development

Team Infosoft, Tirunelveli
June 2024 - July 2024

- Completed a fullstack development and deployment internship at Team Infosoft.
- Contributed actively to ongoing projects, ensuring timely progress and quality.
- Demonstrated initiative by learning new technologies and applying them in projects.
- Took ownership of tasks while collaborating with team members in a productive environment.
- Enhanced software development skills and strengthened teamwork abilities for future roles.

PROJECT

SMART WATER QUALITY MONITORING SYSTEM

- Developed a Smart Water Quality Monitoring System using pH, TDS, and turbidity sensors with Arduino and ESP8266.
- Enabled real-time remote monitoring via Blynk Cloud and Blynk app.
- Strengthened practical skills in hardware development, embedded systems, and IoT.
- Gained confidence in solving technical challenges during the project.

CERTIFICATION

- Linux Fundamentals (Red Hat) – Completed foundational training in Linux OS
- NPTEL: Industry 4.0 & IoT – Learned IoT concepts and industrial automation
- C & C++ Programming (CSC Software Institution) – Strengthened programming fundamentals and problem-solving
- Diploma in MS Office (CSC Software Institution) – MS Word, Excel, PowerPoint, Windows & Internet
